Report on the Financial Statements

We have audited the accompanying financial statements of Vaughn Next Century Learning Center (Vaughn), a California nonprofit public benefit corporation, which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to on page 1 present fairly, in all material respects, the financial position of Vaughn as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on Vaughn's financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the basic financial statements. The K-12, Preschool and Elimination columns in the statements of financial position, activities, cash flows and functional expenses in addition to the accompanying supplementary schedules are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated December 17, 2018 on our consideration of Vaughn's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness on Vaughn's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Vaughn's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Vaughn Next Century Learning Center (Vaughn) provides preschool, elementary, middle school, and high school education offering improved learning facilities for underprivileged children in an impoverished, overcrowded neighborhood in the city of Los Angeles. Vaughn receives most of its support from the Federal and State governments through the State of California and Los Angeles Unified School District (LAUSD). As a charter school under LAUSD authorization, Vaughn is considered to be part of LAUSD but it is independent from the district in that all decisions, including those regarding management and the use of funds, are made at the school level.

Vaughn accounts for its financial transactions in accordance with the policies and procedures of the California Department of Education's California School Accounting Manual. The accounting policies of Vaughn conform to U.S. generally accepted accounting principles as applicable to nonprofit organizations.

The following summary of significant accounting policies of Vaughn is provided to assist the reader in interpreting the basic financial statements presented in this section. These policies, as presented, should be viewed as an integral part of the accompanying financial statements.

Reporting Entity

Vaughn is authorized by Los Angeles Unified School District (LAUSD) to operate as a charter school starting July 1, 1993. Vaughn operated as an unincorporated public educational agency until May 2, 2011 when it was incorporated in the State of California as a California Nonprofit Public Benefit Corporation. The incorporation and amendment of bylaws were approved by the Board of Education of the City of Los Angeles (LAUSD governing board) and Vaughn's governing board. Vaughn has received a tax exemption status under Internal Revenue Code Section 501(c)(3) and California Revenue & Taxation Code Section 23701(d).

Vaughn is presenting its financial reporting in accordance with the Financial Accounting Standard Board, standards set forth for nonprofit entities.

Cash and Cash Equivalents

Vaughn defines its cash and cash equivalents to include only cash on hand, demand deposits, and liquid investments with original maturities of three months or less.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements have been prepared on the accrual method of accounting and accordingly reflect all significant receivables and liabilities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

Costs of providing Vaughn's programs and other activities have been presented in the statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States as prescribed by the Financial Accounting Standards Board.

Net Asset Classes

Vaughn is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. Net assets of Vaughn are defined as:

Unrestricted

All resources over which the governing board has discretionary control to use in carrying on the general operations of Vaughn.

Temporarily Restricted

These net assets are restricted by donors to be used for specific purposes. Vaughn does not currently have temporarily restricted net assets.

Permanently Restricted

These net assets are permanently restricted by donors and cannot be used by Vaughn. Vaughn does not currently have any permanently restricted net assets.

All grants/contributions are considered to be unrestricted unless specifically restricted by the donor. All donor-restricted grant/contributions made in the year ended June 30, 2018, whose restrictions have been met in this period, are included in the statement of activities as unrestricted revenue.

Vaughn's policy, for any expense to be incurred for which both unrestricted and restricted resources are available, is to first apply and exhaust restricted resources to satisfy the expense, and then apply unrestricted resources towards that expense

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital expenditure that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Any gain or loss on the sale of land, buildings, and other property is reported as other revenues on the financial statement of activities. Depreciation on all assets is calculated on the straight-line basis over the various estimated useful lives ranging from 5 to 39.

Buildings	39 Years
Improvements	15 Years
Furniture and Equipment	7 Years
Library Materials	5 Years

Receivables

Receivables are stated at the amount management expects to collect from outstanding balances. Management writes-off uncollectible amounts through a charge to bad debt expense account and an adjustment to receivable.

Compensated Absences

Vaughn employees earn sick days based on the amount of time worked annually. Unused sick days for full-time employees is cumulative from year to year and can be accrued. Unused sick days cannot be converted to cash. Vaughn's policy is to record the use of sick days and substitute payment as an operating expense in the period taken. Thus sick days are not recognized as a liability.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are payable in two installments on or before November 1 and February 1. Unsecured property taxes are not a lien against real property and are payable in one installment on or before August 31. The County bills and collects property taxes for all taxing agencies within the County and distributes these collections to the various agencies. The sponsor agency of Vaugh is required by law to provide in-lieu property tax payments on a monthly basis, from August through July. The amount paid per month is based upon an allocation per student, with a specific percentage to be paid each month.

Investments

Investments are reported at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820. Earnings from investments are recorded as other local income in these financial statements. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. All realized and unrealized gains or losses on investments are reported as increase or decrease in unrestricted net assets and are classified as nonoperating activities.

**VAUGHN NEXT CENTURY LEARNING CENTER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Amounts received from the California Department of Education are recognized as revenue by Vaughn based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in unrestricted net assets if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in temporarily restricted net assets.

Revenue Recognition

Contributions of donated noncash assets are recorded at fair value in the period received. Contributions of donated services that create or enhance the nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at fair values in the period received.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted to specific use or future periods are reported as temporarily restricted. Restricted contributions that are received and released in the same period are reported as unrestricted revenue.

Unconditional promises to give expected to be received in one year or less are recorded at net realizable value. Unconditional promises to give expected to be received in more than one year are recorded at fair market value at the date of the promise. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

Income Taxes

Vaughn is a nonprofit entity exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. Accordingly, no provision has been made for income taxes. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. Vaughn files informational returns in the U.S. federal jurisdiction, and the state of California.

Subsequent Events

Vaughn has evaluated subsequent events through December 17, 2018, the date these financial statements were available to be issued.

**VAUGHN NEXT CENTURY LEARNING CENTER
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2018**

NOTE 2 CASH AND INVESTMENTS

Cash and investments as of June 30, 2018 are classified in the accompanying financial statements as follows:

Cash in County Treasury	\$ 17,486,427
Cash with Financial Institutions	2,417,645
Cash and Investments Held for Bond Requirement	7,303,476
Long-Term Investments	47,855,263

Cash in County Treasury

In accordance with Education Code 41001 Vaughn maintains substantial amount of its cash in the Los Angeles County Treasury as part of the common investment pool. The fair value of Vaughn's deposits as of June 30, 2018 as provided by the pool sponsor was \$17,486,427. The County is authorized to deposit cash and invest funds by California Government Code Section 53648 et. seq. The County is restricted by Government Code Section 53635 pursuant to Section 53601 to invest in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The funds maintained by the County are either secured by federal depository insurance or are collateralized. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Cash with Financial Institutions

Vaughn also maintains cash balances held in banks and revolving funds which are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC). At times, cash in these accounts exceeds the insured amounts. Vaughn has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on its cash and cash equivalents.

Long-Term Investments by Vanguard Asset Management Services

Investments are held by Vanguard Asset Management Services in the following managed investment accounts:

1. Program Fund Account
2. Employee Incentive Account, and
3. Capital Project Fund Account

Total Investments	<u>\$ 21,881,570</u>	<u>\$ 5,184,339</u>	<u>\$ 20,789,354</u>	<u>\$ 47,855,263</u>

The target allocation of the Program Fund and Employee Incentive account is 70 percent equity and 30 percent fixed-income or bonds. In April 2018, approximately \$10 million of assets in the Program Fund was set aside in two conservative bond funds, Vanguard's Ultra Short-Term Bond and Short-Term Investment-Grade Bond funds, in order to preserve the substantial amount of capital gains realized over the past 10 years. Vaughn plans to move these two funds into a separate, fourth account named "Lockbox." The target allocation of the Capital Projects Fund account is 60 percent equity and 40 percent bonds.

For the first three accounts listed above, the Vanguard manager uses a mix of Vanguard actively managed and Vanguard index funds encompassing small, medium, and large capitalization U.S. stocks. The Vanguard manager uses a Vanguard index fund as the investment vehicle for international stocks as well as a mix of Vanguard bond funds encompassing a range of duration (from short-term to long-term) and credit quality (U.S. government bonds to high-yield corporate bonds).

All investments are subject to risks. Equities are subject to market risk, with small and medium capitalization stocks historically having been more volatile than large capitalization stocks. Foreign investing involves additional risks including currency fluctuations and political uncertainty. Stocks of companies in emerging markets are generally riskier than stocks of companies in developing countries. Investments in bond funds are subject to credit, interest rate, and inflation risk.

Due to the level of uncertainty related to changes in interest rates, market volatility and credit risks, it is at least reasonably possible that changes in these risks could materially affect the estimated fair value of investments reported in the statement of financial position as of June 30, 2018. However, the diversification of Vaughn's invested assets among these various asset classes should mitigate the impact of any dramatic change on any one asset class.

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Cash and Investments Held for Bond Obligations

Vaughn established a bond portfolio account with Payden & Rygel, an investment management company, to hold and invest required quarterly deposits for repayment (the sinking fund) of its 10-year, \$8.5 million Qualified School Construction Bond (QSCB) issued in October 2010 (see Note 6). Each quarter \$223,684 of Vaughn's revenue is intercepted from the State and placed into this account. This account's portfolio consists of actively managed diversified bond, corporate high-yield, high-yielding floating-rate, and low-maturity bond funds that encompass a wide range of maturities (short-term to long-term) and credit quality (AAA to high-yield corporate bonds). The investment guidelines for this portfolio are 100% fixed income (bonds) with a maximum average duration of 5 years and minimum average credit quality of investment grade.

Cash and investments held for bond obligations at June 30, 2018 consisted of the following:

Investments:	
Fixed Income Funds	\$ 7,107,068
Total investments	<u>7,107,068</u>
Cash Held by Trustee/Bank	196,408
Total Cash and Investments for Bond Obligations	<u><u>\$ 7,303,476</u></u>

NOTE 3 FAIR VALUE MEASUREMENT

Vaughn applies the provisions of FASB ASC 820, Fair Value Measurements, and Disclosures, for fair value measurements of investments that are recognized and disclosed at fair value in the financial statements on a recurring basis. FASB ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Although Vaughn believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 also establishes a fair value hierarchy that requires Vaughn to maximize the use of observable inputs when measuring fair value. Observable inputs reflect market data obtained from independent sources while unobservable inputs reflect Vaughn's market assumptions. The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority,

Level 2 – Inputs consist of observable inputs other than quoted prices for identical assets, and

**VAUGHN NEXT CENTURY LEARNING CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

Level 3 – Inputs are unobservable; supported by little or no market activity and have the lowest priority.

Vaughn uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair values for all other investments are quoted prices in active market for identical assets. All Vaughn investments are under Level 1 fair value measurement.

The following are total Level 1 fair value measurement investments held by Vaughn at June 30, 2018:

One of Vaughn's buildings, Pandaland, is pledged as collateral for the Letter of Credit issued by East West bank covering the QSCB issued in October 2010 (see Note 6). The building was appraised at \$14,300,000 and had a book value of \$9,134,481, net of depreciation.

Furthermore, one of the campuses, the Mainland Elementary School, used by Vaughn is owned by LAUSD. Vaughn has the right to use the property as long as the entity operates as a charter school.

NOTE 5 EMPLOYEE RETIREMENT

Multi-employer Defined Benefit Pension Plans

Qualified employees are covered under multi-employer defined benefit pension plans maintained by agencies of the State of California.

The risks of participating in these multi-employer defined benefit pension plans are different from single-employer plans because: (a) assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers, (b) the required member, employer, and state contribution rates are set by the California Legislature, and (c) if the chooses to stop participating in the multi-employer plan, it may be required to pay a withdrawal liability to the plan. Vaughn has no plans to withdraw from this multi-employer plan.

NOTE 5 EMPLOYEE RETIREMENT (CONTINUED)

State Teachers' Retirement System (STRS)

Plan Description

Vaughn contributes to the State Teachers' Retirement System (STRS), a cost-sharing multi-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. According to the most recently available Comprehensive Annual Financial Report and Actuarial Valuation Report for the year ended June 30, 2017, total STRS plan net assets are \$210 billion, the total actuarial present value of accumulated plan benefits is \$362 billion, contributions from all employers totaled \$4.2 billion, and the plan is 62.6% funded. Vaughn did not contribute more than 5% of the total contributions to the plan.

Copies of the STRS annual financial reports may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, CA 95826, and www.calstrs.com.

Funding Policy

Active plan members hired before January 1, 2013 are required to contribute 10.25% of their salary and those hired after are required to contribute 9.205% of their salary. Vaughn is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. Under the 2014 funding plan, employer contributions on compensation creditable to the program will increase every year for the next seven years, up to 19.10% in 2020–21. The required employer contribution rate for year ended June 30, 2018 was 14.43% of annual payroll. The contribution requirements of the plan members are established and may be amended by State statute.

Vaughn's contributions to STRS for the past three years are as follows:

<u>Year Ended June 30,</u>	<u>Required Contribution</u>	<u>Percent Contributed</u>
2016	\$ 1,048,109	100%

NOTE 5 EMPLOYEE RETIREMENT (CONTINUED)

Health and Medical Benefits for Retirees

Vaughn provides post-employment health benefits to its contracted, full time, certificated, and permanent employees. To qualify, a staff member must provide continuous years of service at Vaughn immediately prior to retirement without a break in service. Vaughn will follow the Rule of 80 (Years of service credit plus age upon retirement should equal eighty or more) for all eligible employees. Vaughn will accept service credit of former Los Angeles Unified District certificated staff members who began employment at Vaughn before July 1, 1998. The goal is to provide health benefits to eligible staff members (active or retired) up until the age of 65. The maximum level of support is not to exceed five years of health coverage and benefits are limited to a lifetime maximum of \$36,000. The spouse or divorced spouse of a retired Vaughn employee is not eligible for Vaughn's post-retirement health benefits. Effective July 1, 2012, this plan is offered to only employees hired before July 1, 2012.

As a result of offering post-employment benefits other than pension (OPEB), Vaughn is required to report the value of such benefits and associated costs according to the accounting requirements of FASB ASC 715-60, Defined Benefit Plans – Other Post-Retirement (FASB ASC 715-60). This standard requires Vaughn to get periodical actuarial reports and disclose the report summary in the financial statements (see Note 10 - OPEB Accounting & Actuarial Information).

Vaughn's post-retirement benefit plans are unfunded. However, Vaughn has designated part of the Employee Incentive investment account (see Note 2) to fund a portion of the premiums for retirees' post-retirement benefit. Based on the latest actuarial report and the subsequent contributions made, Vaughn has an estimated liability of \$384,341 as of June 30, 2018. Vaughn will commission an actuarial study every two years.

NOTE 6 QUALIFIED SCHOOL CONSTRUCTION BOND (QSCB)

In October 2010, the California School Finance Authority issued Education Facilities Revenue Bonds (Vaughn Next Century Learning Center) Series 2010A Qualified School Construction Bonds (QSCB) in the principal amount of \$8,500,000. The bond proceeds could be used for construction, rehabilitation, or repair of public school facilities. The terms required Vaughn to provide an equity contribution in the amount of \$122,629. Vaughn received net proceeds in the amount of \$8,330,000, net of \$127,500 (1.5% underwriter's discount) and \$165,129 cost of issuance.

A sinking fund was created to maintain bond repayment fund as required by the terms of the bond. Vaughn deposited \$447,368 during the initial year ending and is required to deposit \$894,737 yearly starting in fiscal year ending June 30, 2012 through 2020. The bond matures on July 1, 2020.

NOTE 6 QUALIFIED SCHOOL CONSTRUCTION BOND (QSCB) (CONTINUED)

East West Bank issued a Standby Letter of Credit (SBLC) in the amount of \$8,719,456 to warrant the bond repayment and the 4.426% periodic interest to bondholders. East West Bank requested collateral from Vaughn for the same amount of SBLC. For collateral, Vaughn pledged the Panda/and facility located at 13421 Vaughn Street, San Fernando, CA 91340 (the facility was appraised at \$14,300,000 with a maximum loan ratio of 60% percent) for \$8,580,000 and a cash deposit in the amount of \$139,456 for the total of \$8,719,456 in pledged assets. In December of 2012, the sinking fund held at Payden reached an adequate balance that the East West Bank no longer requires the collateral account. Thus, the funds in the account were released and the account was closed.

Vaughn pays 4.426% interest to bondholders bi-annually and receives full reimbursement from the Department of Treasury through a direct cash subsidy. However, the effect of sequestration pursuant to the requirements of the Balanced Budget and Emergency Deficit Control Act of 1985, as amended, reduced the interest reimbursement for the year ended June 30, 2018 by 6.8%. Vaughn paid \$376,210 in interest to the bond holders and received \$351,380 from the Department of Treasury

Vaughn also pays letter of credit maintenance fees in the amount of 1.625% per annum of the SBLC outstanding balance.

Additional quarterly fees are paid to The Melon Bank of New York Trust Company, N.A., the bond trustee, and to the Federal Home Loan Bank (provider of the second SBLC that guarantees East West Bank's SBLC).

The bond trustee makes sure that all bond requirements are met and intercepts Vaughn's revenue from the California Department of Education on a quarterly basis to meet all QSCB's financial obligations.

Vaughn used the proceeds of the QSCB to finance the acquisition, construction, improvements, and equipping the Infrastructure Academy, the VISA Extension Project, the Dragon Building, and Elementary Academy for a Global and Green Generation (G3 Project) which was completed and put in service on July 1, 2012.

At June 30, 2018, the estimated fair value of the QSCB is \$9,240,000, estimated based on trade activity close to year-end.

NOTE 8 MEASURE K

In February 2003, the Los Angeles Unified School District issued the first series of Measure K bonds, which are to be used for various purposes, including the expansion of public charter schools. The School benefited from the proceeds of the bonds by receiving various furniture and equipment. Vaughn entered the lease agreement with the Los Angeles Unified School District on October 1, 2007 for a one-year period. The lease agreement is automatically renewed every year unless the charter petition expires or is revoked. The base rent is \$1 per year.

NOTE 9 RELATED PARTY

Vaughn has established the Vaughn Next Century Foundation (the Foundation), a nonprofit foundation under Internal Revenue Code 501(c)(3) as a supporting organization to the charter school. All fundraising activities for Vaughn are carried through the Foundation. The Foundation supports some of Vaughn's college preparation programs such as college tours, college scholarships, international student exchange, and testing programs for college readiness.

Additionally, Vaughn is sharing its original location with LAUSD. The property is owned by LAUSD and the district runs a program (Vaughn Early Education Center) at the location. Vaughn has been occupying the property rent-free but pays 100 percent of the utility costs and receives reimbursements from LAUSD for the district's share of the utility cost. The unreimbursed amount at June 30, 2018, was estimated at \$18,800, reported in the financial statements as other receivables

NOTE 10 OPEB ACCOUNTING AND ACTUARIAL INFORMATION

Vaughn provides post-employment benefits other than pensions (OPEB) to employees who meet certain criteria (discussed in Note 5). As a result of offering such benefits, Vaughn is required to disclose benefit information in accordance with the FASB ASC 715-60.

Vaughn provides health benefits to retirees. Vaughn pays a major portion of the cost of premiums for eligible retirees. All active employees hired before July 1, 2012 who retire directly from Vaughn and meet the eligibility criteria may participate. Vaughn has not contributed any assets to the plan but continue to use "Pay-As-You-Go" method for current retiree's health benefit expenses.

Although Vaughn has set aside funds for OPEB future obligations, Vaughn has not established a plan or equivalent arrangement that contains an irrevocable transfer of assets dedicated to providing benefits to retirees in accordance with the terms of the plan and that are legally protected from creditors.

NOTE 10 OPEB ACCOUNTING AND ACTUARIAL INFORMATION (CONTINUED)

Actuarial Cost Method

The actuarial valuation of OPEB was prepared using the projected unit credit actuarial cost method. Under this method the actuarial accrued liability is equal to the present value of all benefits actually expected to be paid from the plan multiplied by a fraction, the numerator of which is the number of years of service worked and the denominator of which is the total number of years of service that will be worked when the employee reaches full benefit eligibility age. The service cost is equal to the present value of all benefits actually expected to be paid divided by the total number of years of service that will be worked when the employee reaches full benefit eligibility age. The actuarial accrued liability is called the Accumulated Postretirement Benefit Obligation (APBO) and the present value of all benefits actually expected to be paid is called the Expected Postretirement Benefit Obligation (EPBO).

Actuarial Assumptions

Discount Rate – The rate used to discount liabilities is 4.08%, which was determined under a cash flow matching process and the FTSE Pension Discount Curve as of June 30, 2018.

Trend Rate – The healthcare trend assumption reflects healthcare cost inflation expected to impact the plan based on forecast information in published papers from industry experts (actuaries, health economists, etc.). This research, combined with Vaughn's historical premium rate experience, suggests a 7.00% medical cost increase for the 2018-2019 fiscal year, grading down to an ultimate rate of 4.50% for the fiscal year beginning July 1, 2028 and beyond. Dental and vision costs are assumed to increase at 5.00% per year and costs towards HRA funding are not assumed to increase in the future.

Morbidity – Based on the June 2013 Society of Actuaries Study entitled "Health Care Costs – From Birth to Death". Pre-65 morbidity rates were based on the HMO costs.

Spouses – Assumption is not applicable Employee-only benefits are valued.

Salary Scale – There are no liabilities dependent on salary, therefore no salary increase rate is assumed.

Funded Status and Funding Progress (Continued)

Assumed health care cost trend rates have a significant effect on the amounts reported for the health care plans. A one-percentage point change in assumed health care cost trend rates would have the following effect:

	<u>Change in Medical Trend Rate</u>	
	<u>1% Increase</u>	<u>1% Decrease</u>
Effect on Health Care Component of the:		
Accumulated Postretirement Benefit Obligation	Increase of \$29,251	Decrease of \$28,192

Unrecognized gains and losses, including changes in actuarial assumptions, are amortized over the average remaining lifetime of the active participants, to the extent that they exceed, in absolute value, 10% of the greater of the Fair Value of Plan Assets or the Accumulated Postretirement Benefit Obligation.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid as follows:

<u>Fiscal Year Beginning</u>	<u>Amount</u>

NOTE 12 FUTURE COMMITMENTS

Construction Contracts

Vaughn has construction in progress at the following addresses:

- 11505 Herrick Avenue (VISA Performing Arts Center, an extension of Vaughn High School)- an architect contract was executed with CSDA Design Group during 2016-2017 school year for \$312,000. The amount left to be paid on this contract is expected to be \$96,720. In addition, a construction contract was executed with Del Amo Construction for \$5,323,113.
- 13253-13269 Eustace Street (MIT Performing Arts Center, an extension of Vaughn Middle School) – an architect contract was executed with CSDA Design Group for \$569,700 and an amended contract for an additional \$250,000 (total contract amount is \$819,000).

Equipment Leases

Furthermore, Vaughn leases copier machines under contracts. Vaughn has no intention to purchase any of the equipment after the end of, at least, the five-year lease contract on each piece of equipment – to avoid costs of maintenance and to enable Vaughn to keep up with rapid changing technology. Vaughn plans to upgrade to the most updated machines in the market after the end of each lease. Total operating cost of equipment lease and rental for fiscal year ended June 30, 2018 was \$183,985.

The following is a schedule of minimum payments under these operating lease contracts:

<u>Year Ended June 30</u>	<u>Amount</u>
2019	\$ 159,844
2020	159,844
Total	<u>\$ 319,688</u>

NOTE 13 SUBSEQUENT EVENTS

After June 30, 2018, Vaughn will execute a contract with Del Amo Construction for the construction of MIT Performing Arts Center. Estimated contract will be \$11,000,000.

Vaughn will also submit the third Charter School Facility Augmentation Grant to LAUSD for the construction of 12 classrooms and core spaces (office, library, cooking kitchen, health office, etc.) on LAUSD-owned main campus at 13330 Vaughn Street. Estimated project cost is \$16,400,000; LAUSD will provide a 50% match grant (\$8,200,000).

YEAR ENDED JUNE 30, 2018**

PURPOSE OF SCHEDULES

NOTE 1 SCHEDULE OF INSTRUCTIONAL TIME

This schedule presents information on the amount of instructional time offered by Vaughn and whether Vaughn complied with the provisions of California Education Code.

NOTE 2 SCHEDULE OF AVERAGE DAILY ATTENDANCE

Average daily attendance is a measurement of the number of pupils attending classes of Vaughn. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels.

NOTE 3 RECONCILIATION OF ANNUAL FINANCIAL REPORT WITH AUDITED FINANCIAL STATEMENTS

This schedule provides the information necessary to reconcile the net assets of the charter schools as reported on the Annual Financial Report form to the audited financial statements.

NOTE 4 SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Vaughn under programs of the federal governmental for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of operations of Vaughn, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Vaughn.

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 5 INDIRECT COST RATE

Vaughn has elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Vaughn Next Century Learning Center
San Fernando, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Vaughn Next Century Learning Center (Vaughn), a nonprofit California public benefit corporation, which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, cash flows, and functional expenses for the year then ended, the related notes to the financial statements, and have issued our report thereon dated December 17, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Vaughn's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Vaughn's internal control. Accordingly, we do not express an opinion on the effectiveness of Vaughn's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Vaughn's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR FEDERAL PROGRAM, AND REPORT ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED
BY THE UNIFORM GUIDANCE**

Board of Directors
Vaughn Next Century Learning Center
San Fernando, California

Report on Compliance for Each Major Federal Program

We have audited the compliance of Vaughn Next Century Learning Center (Vaughn) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018. Vaughn's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and terms and conditions of federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Vaughn's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Vaughn's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Vaughn's compliance.

Opinion on Each Major Federal Program

In our opinion, Vaughn complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of Vaughn is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Vaughn's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance, for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Vaughn's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance such that there is a reasonable possibility, that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS’ REPORT ON STATE COMPLIANCE

Board of Directors
 Vaughn Next Century Learning Center
 San Fernando, California

We have audited Vaughn Next Century Learning Center’s (Vaughn) compliance with the types of compliance requirements described in the *2017-2018 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel for the year ended June 30, 2018. Vaughn’s State compliance requirements are identified in the table below.

Management’s Responsibility

Management is responsible for the compliance with the State laws and regulations as identified below.

Auditors’ Responsibility

Our responsibility is to express an opinion on Vaughn’s compliance based on our audit of the types of compliance requirements referred to below. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *2017-2018 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the specific areas listed below has occurred. An audit includes examining, on a test basis, evidence about Vaughn’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on state compliance. Our audit does not provide a legal determination of Vaughn’s compliance.

Compliance Requirements Tested

In connection with the audit referred to above, we selected and tested transactions and records to determine Vaughn’s compliance with the laws and regulations applicable to the following items:

<u>Description</u>	<u>Procedures Performed</u>
School Districts, County Offices of Education, and Charter Schools:	
Educator Effectiveness	Yes
California Clean Energy Jobs Act	Yes
Before and After School Education and Safety Program	Yes
Proper Expenditure of Education Protection Account Funds	Yes

Compliance Requirements Tested (Continued)

<u>Description</u>	<u>Procedures Performed</u>

Charter Schools:	
Attendance	Yes
Mode of Instruction	Yes
Nonclassroom-based instructional/independent study	Not applicable
Determination of funding for nonclassroom-based instruction	Not applicable
Annual instructional minutes – classroom based	Yes
Charter School Facility Grant Program	Not applicable

Opinion on State Compliance

In our opinion, Vaughn complied with the laws and regulations of the state programs referred to above in all material respects for the year ended June 30, 2018.

Purpose of this Report

The purpose of this report on state compliance is solely to describe the results of testing based on the requirements of the *2017-2018 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, published by the Education Audit Appeals Panel. Accordingly, this report is not suitable for any other purpose.
